

Bondi Beach - New South Wales

Bondi: Sun, surf and sand!

Just 10 km from the centre of Sydney, Bondi Beach is one of the most famous beaches in Australia. It is also one of the most visited beaches by tourists and Australians alike. There are many things to do: walks, swimming, surfing, seasonal whale watching, festivals and other organised events and simply relaxing on the beach.

There is no easier or more practical way of visiting Bondi than by motorhome. This dynamic beach is surrounded by luxurious buildings, shops, restaurants and pubs particularly along **Campbell Parade** and you can always find a good bargain at **Bondi Market** which is open every Sunday. Bondi Beach is well loved by surfing fans and is also known for the **Bondi Life Saving Club** founded in 1906. It is cosmopolitan and hosts national and international events throughout the year. Why not do the **Bondi to Coogee Coastal Walk** which winds its way along 6 km of picturesque coastal paths passing through **Tamarama**, **Bronte** and **Clovelly**. If you're after a little more peace and quiet, **Bronte Beach** is ideal.
